

Bharuch. Which is worthy of praise. He said that where there is a thought of everyone, not for self. There is nothing missing. And this is what education teaches us.

### **Hon. Dr. Pinakinbhai Yagnik (Retired Associate Prof. (Anand Education College, Anand)**

He expressed his thoughts in his poetic speech. He said that the world is changing. Only those who accept change. Only they move forward. The more elevated the mind, the more elevated the thoughts should be. He told about his education time, he said, "We are men of bricks, you are Computer people, we all have to work beyond the feeling of what is mine ?, ourself ?. "It is the teacher who transforms even disasters into opportunities."

### **Hon. Dr. Jayantbhai Shah (Retired Principal, B.Ed. College, Kharod)**

: who has contributed a lot to this action research. He helped the teachers in the research process by discussing the topic and providing proper guidance. He checked the reports and corrected the errors. In his speech, he said that the teachers of the school have worked very enthusiastically. he presented some examples of research considering the difficulties that arise while teaching. Talking about the limited use of mobile phones, he said that this research of yours is a step towards the award.

**Hon. Dr. I. K. Ansari (Principal, B.Ed. College, Kharod)** : who had earlier guided the school teachers about the steps of action research in depth and did the work of research and planting seeds. In his introductory speech, he said that the 18<sup>th</sup> Gyansatra is like the 18 chapters of the Gita. Talking about the three outcomes of education, he said that education is the heart of the teacher. He talked about the three H's in basic education. Talking about AI, he said that we have become so dependent on AI that we have forgotten natural intelligence. AI is a good servant but a bad master. Our creativity is being destroyed. This needs to be avoided.

**Hon. Dr. Milanbhai Shah (Retired Principal, Anand B.Ed. College, Borsad)** He talked about some values of Bhagavad Gita. Faith is necessary to succeed in any work. He told about the movement of Sun and Moon and its effect on human being, he had an in-depth discussion on life skills, its various stages, its importance etc. He said that this effort of action research will be a source of inspiration for other schools.

### **Mr. Hemantbhai Prajapati (Chairman, Narayan Vidyalaya, Bharuch)**

He said that children join with us. Children are special. Look at the uniqueness in them, taste them, recognize the innovation in them. The children of our school are making very good careers. Which is commendable. We "need to live life. Not to win life."
