After watching the presentation of some teachers' of action research, Hon. Dr. Maheshbhai Patel, gave his opinion on their subject and praised the work of the teachers. He gave a beautiful speech on the topic of what was the "Heritage of India" What is it today? And what will it be tomorrow? He spoke about the Vedas-Upanishads through Sanskrit verses. He remembered the great personalities of ancient times and presented their life stories. He said that there is no age for learning.

**"We will study from the Vedas to the web, we will study from the Upanishads to the satellites, we will study to the end."**

He said that a teacher should have four types of hunger – time hunger, vision hunger, insistence hunger, cost hunger. A teacher who has mind, speed, progress, and advancement becomes supreme. He also talked about the contribution of mother power. From a needle to a satellite, a startup can be done. The Government of India provides subsidies for starting an industry. He also talked about various schemes. Our work should be the best."**Humanity is like a lamp, if it is lit itself, it spreads light.**" His speech instilled enthusiasm and a new consciousness in everyone. At the end of the concluding program, the teachers presented their responses. Finally, a peace prayer was offered with lamps and Diwali and New Year greetings were conveyed.
