

night even more special. A wonderful highlight of the event was the magic show where our teachers became a funny joker & spread smiles everywhere. In the morning, students visited a **Temple** to take blessings & start the day positively. They also enjoyed the jumping zone played with friends and had a tasty lunch before **saying a cheerful Good Bye**. This picnic created beautiful memories of togetherness that children will remember forever.

Rudra Chauhan L.K.G-B : Parent (Father) Jitendra Chauhan

In two years of academic study, this is the first time our son Rudra stayed overnight at school. When he came home, we had a conversation with him, and he shared how much he enjoyed the experience. He was very happy and excited.

During our conversation, He told us everything about the food, games and the teachers' involvement. While discussing, we felt that the entire event was very well-planned and executed.
