

The school management's aim toward students' development and growth is clearly visible.

We truly appreciate several aspects of this program :

- 1) Healthy dinner and breakfast provided to the students.
- 2) Active participation of teachers throughout the event.
- 3) Proper safety and monitoring of each student by the teachers.
- 4) Morning prayer at the temple, which added a devotional and cultural touch.
- 5) Most importantly, programs like this help students learn independence and self-reliance, instead of depending on others.

Dt. 5/1/26 : Rangotsav Celebration : We got an opportunity to participate in National Level drawing & handwriting competition held by Rangotsav Celebration in which our students participated. Students also got certificates & winners got different prizes.

Sr.	Student's Name	Competition	Class	Prize
